## DAILY REPORT

24 March 2025

# Koketso Dibakwana

## Task 1:

- **Did research on other winery websites and their usability as well UI/UX designs**, like Sis Gabsie suggested, tried incorporating some into the website and see how well they would do with user engagement, such as journals and blogs. Which is on a good **30% of progress**.

## Task 2:

- **I also managed to securely configure stripe payment gateway for dummy payments**, which I would say is on a good **80% progress**, next step is to try and test out real payments.

## Task 3:

- **Assisted the finance team with their laptop – 100%**
